

Bisulfite Conversion Kit (Magnetic Beads)

Bisulfite conversion combined with beads technology

- High conversion efficiency (>99%)
- Input DNA range: 1-1000 ng
- Ready-to-use reagents
- Low elution volume without yield loss
- Beads-based technology
 - No centrifuge
 - No column
 - No vacuum

Efficiency

>99%

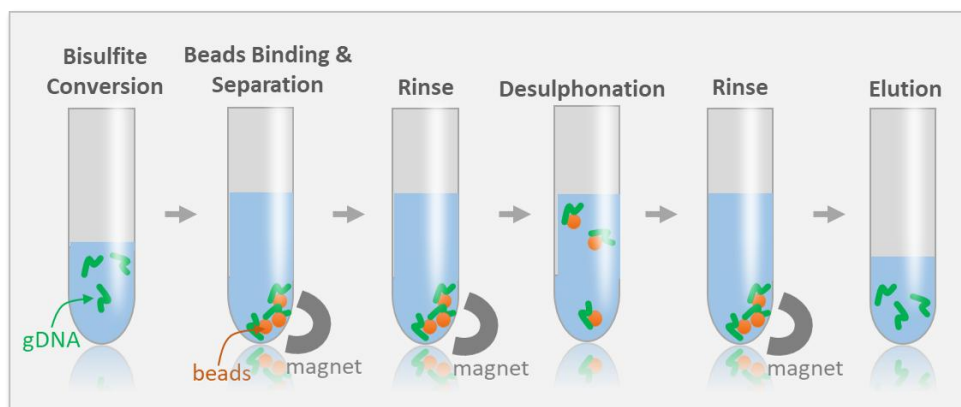

Input Range

1-1000 ng

No vacuum

No centrifuge

No column

Product Name	Cat.#
Bisulfite Conversion Kit (Magnetic Beads)	15701
