

PCR-free NGS Library Preparation

Why PCR-free?

- Reduce the library biases
- Improve the coverage of difficult areas
- Enhance the detection of variants

Advantages of BioDynami PCR-free kit

- **Guaranteed Quality**
 - High library conversion efficiency
 - Better coverage at difficult regions
 - Limited GC bias
- **Fast**
 - Total time: 1 hour
 - Hands-on time: ~5 minutes
- **Simple Workflow**
 - Two reaction steps for library preparation
 - Simplified beads purification

Limited Bias

Simple Procedure

Fast Protocol

Product Name	Cat.#
PCR-free NGS DNA Library Prep Kit (illumina platform, non-index)	30040
PCR-free NGS DNA Library Prep Kit (illumina platform, with index)	30041
